July 2024

Dear Pastor and friends,

It is a joy to share what God is doing in this ministry in Germany.

Men's Breakfast

Early in July a group of me invited other men to a Saturday of food and fellowship - seeking to pour into each other's lives and establish deeper bonds. It has been exciting to see men take initiative in shepherding one another.

Fire Pit Fellowship

A group of people have designed an evening of worship, food and fellowship with the intent of addressing a need in our culture. Culturally, church life is a ritual, but rarely creating opportunity for establishing relationships.

These evenings establish better families, and address the biggest felt need of our culture: loneliness.

After all the planning and preparations, the weather changed and the evening was rained out. That is the constant in Germany: rapidly changing weather.

Church planting Foundation

Togo: Pastor David reports: We have two people who have received salvation and have asked to be baptized. I have started a new soccer league and rugby at the church. We haven't started a new church yet, but I'm helping other pastors start their churches. I have already scouted out the location for a new church plant.

Uganda: We have vetted and added 5 new church planters to our team. It is so exciting to receive reports of lives being changed by the gospel. Great commission partnerships have been a worthy investment. Pastor Gerald has been planting without salary support and informs us that from January to July 2024 - 205 people have accepted Christ and 74 have followed in believer's baptism.

Yours, in His service,

Keith and Debbie Gandy
